# CORPORATE SOCIAL RESPONSIBILITY

How businesses can do good while doing business.

A simple guide to responsible business

Presented by: Ujjwal

# So, what is CSR?

CSR means a company takes responsibility for its impact on people, society and the environment—not just its profits.

**CSR can include:**

| | | |
|---|---|---|
| 01 | **Supporting education** | Scholarships, schools and learning programmes |
| 02 | **Protecting nature** | Tree planting, recycling and less pollution |
| 03 | **Helping communities** | Healthcare, clean water and local development |

THE BIG IDEA

**Profit**
**+ People**
**+ Planet**

# Why does CSR matter?

It creates value for both society and the business.

01

## Trust

Customers are more likely to respect responsible companies.

02

## Stronger communities

Social projects can improve education, health and opportunity.

03

## A healthier planet

Environmental action can reduce waste and pollution.

**CSR is not only about giving money—it is about making a positive, lasting difference.**

REAL-WORLD EXAMPLE

# TATA GROUP

A well-known Indian business group associated with community-focused initiatives.

## What can CSR look like?

| | |
|---|---|
| **EDUCATION** | Supporting learning and skill development |
| **HEALTHCARE** | Helping improve access to medical services |
| **COMMUNITY** | Supporting livelihoods and local development |

**The lesson: business success and social progress can go together.**

THE TAKEAWAY

# Good business should do good.

PEOPLE
PLANET
PURPOSE

CSR encourages companies to look beyond profits and contribute to people, communities and the planet.
